

National Council for Teacher Education
Hans Bhawan, New Delhi

Corrigendum to the minutes of the 47th General Body of NCTE held
on 28th March 2018

In the last page (page 20) of the Minutes, in the General observations after Sr. No. 03, the following may be added :-

4. It was proposed by Prof. Prem Narayan Singh that the Department / Faculty running Teacher Education Programmes in Colleges / Universities be named as Department of Teacher Education / Faculty of Teacher Education instead of Department / Faculty of Education so that it can be distinguished from Department of Education, where education is being taught as a subject at Graduation / Post Graduation level. The Council decided that NCTE should explore the possibility for the same.
5. Dr. Rajeev Pandya suggested that periodically orientation programmes should be organized for teacher educators in order to improve quality of teacher education programmes. The Council decided that NCTE should explore the possibility to have some provision for in-service training programmes for teacher educators in the form of refresher courses, etc.
