File No. 49-3/2016/NCTE/N&S

2 February, 2016

To
The Regional Director
Northern Regional Committee
Jaipur

Sub: Processing of applications submitted by institution in multi numbers.

Sir,

I am directed to refer your e-mail letter dated 28.1.2016 on the subject noted above and to say as per clause 2(b) of the NCTE Regulation, 2014, the composite institution means a duly recognized higher education institution offering under graduate or post graduate programme of study in the field of liberal arts or humanities or social sciences or sciences or Commerce or Mathematics as the case may be at the time of applying for recognition of a teacher education programme or an institution offering multiple teacher education programme as per the Clause 8(1) of the Regulation, 2014, the new teacher education institution shall be located in composite institutions and the existing teacher education institution shall continue to function as stand alone institution or gradually move towards the becoming composite institution.

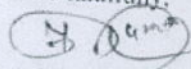

In view of above provision, it is clarified that applications of the new institutions who had applied for more than one teacher education programme (and any other subject teaching related college like Science, Social Science, Arts) needs to be processed further. However, recognition to the institution for any of its programmes shall be issued only if more than one programme of the institution concerned is finally recognized by NCTE. In case, the new institution is not able to get recognition for more than one programme, the recognition of the TEI shall not be issued for a single teacher education programme. As such, it would be appropriate if such applications by new institutions for more than two teacher education courses are clubbed together.

As noted above, further, the applications of new institutions for a teacher education programme, who has simultaneously applied to a university for general graduate programmes shall be granted recognition only after the recognition of the university for programmes other than teacher education course is made available by the applicant institution. A stipulation to this effect may be incorporated in the Letter of Intent (LOI), if issued by the concerned Regional Committee under Section 7(13) of the NCTE Regulation, 2014.

You are requested to advise suitably the Regional Committee in the light of this clarification.

This issues with the approval of the Competent Authority.

Yours faithfully,

(Dr. P.K. Yadav)
Under Secretary
